

LoggerInterface

```
classDiagram
    class LoggerInterface
    class PTK_Mercury_PSRMessenger["PTK\Mercury\PSRMessenger"]
    PTK_Mercury_PSRMessenger --|> LoggerInterface
```

The diagram illustrates a class inheritance or implementation relationship. At the top, a white rectangular box with a thin gray border contains the text "LoggerInterface". Below it, a gray rectangular box with a thick black border contains the text "PTK\Mercury\PSRMessenger". A solid blue arrow points vertically from the top center of the gray box to the bottom center of the white box, indicating that the class below implements the interface above.

PTK\Mercury\PSRMessenger
